2. Awakening

The Underground L0

Layer Zero (L0)

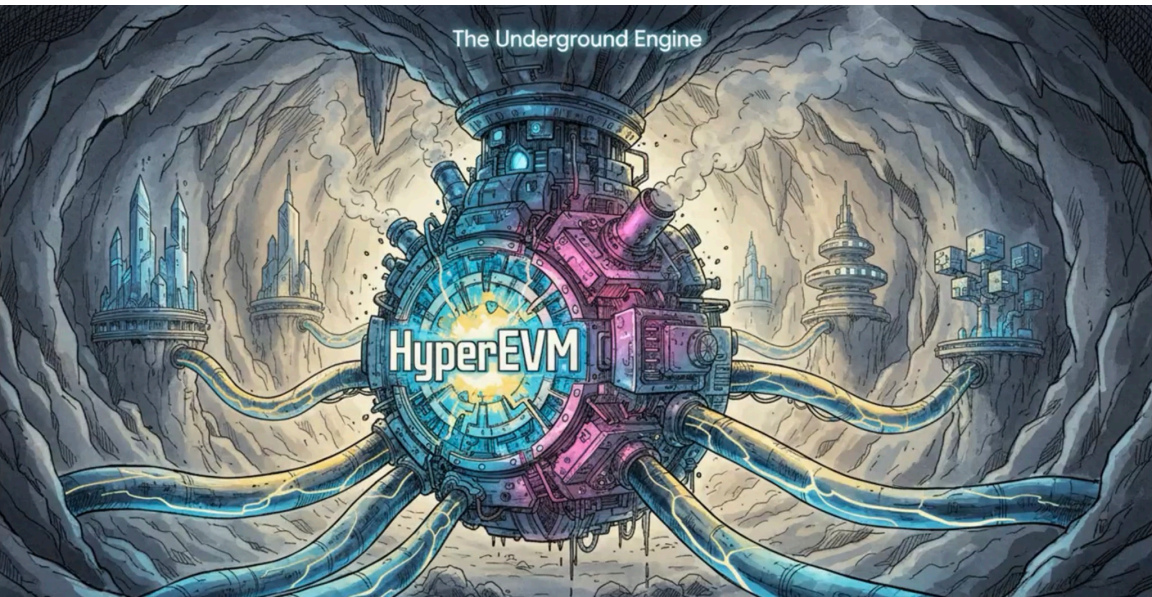

A hidden foundational layer connecting everything from below, like a worldwide underground system.

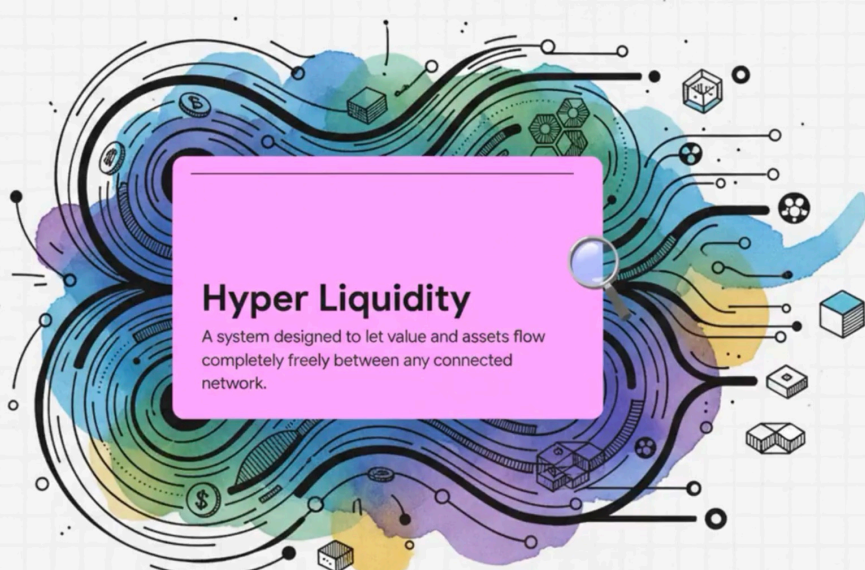

HyperEVM

The master engine of the underground, powerful enough to run applications from any network.

The Underground Engine

Hyper Liquidity

A system designed to let value and assets flow completely freely between any connected network.

The Great Escape

L2 Networks Descend

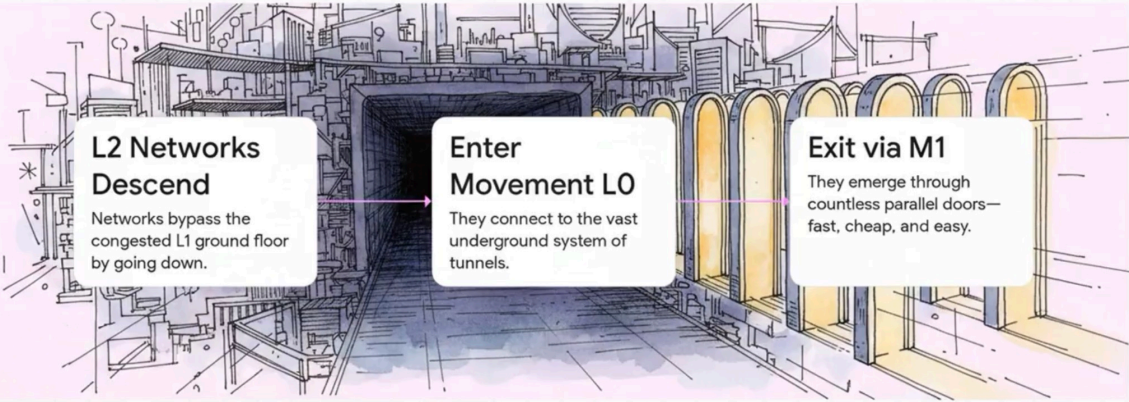

Networks bypass the congested L1 ground floor by going down.

Enter Movement L0

They connect to the vast underground system of tunnels.

Exit via M1

They emerge through countless parallel doors—fast, cheap, and easy.

3. The Atmosphere

The Air for All Chains

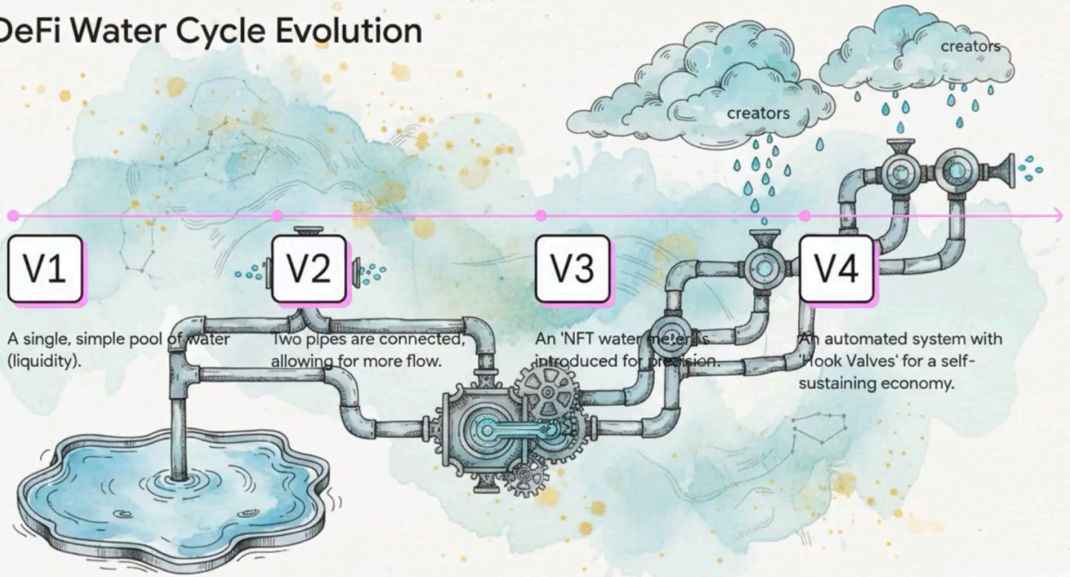

If the underground is
the earth, what is the
air?

The Living Ecosystem

Movement is not a chain, a bridge, or an app. It is the foundational **air** that all chains breathe.

‘Movement is not a
project. It is a **new**
world.
